

## WinSETT Leadership Series Workshop Sponsorship

One of the major goals of WISEatlantic is to support the retention of women in SETT careers, as such we are pleased to offer **substantial sponsorship** for female students and apprentices in Science, Engineering, Trades, and Technology fields, in the Atlantic Provinces to attend workshops within the WinSETT Leadership Program Series.

The WinSETT Leadership Program is built upon the experiences of Canadian women and is the only Canadian program focused exclusively on women in SETT. The Leadership Program features six full-day workshops run in pairs over several months. For more information on the Leadership Program Workshops, visit <http://www.winsett.ca/programs/leadership-program>. Click schedule on the right hand side to see a list of the current offerings.

### Sponsorship Guidelines:

Please fill-out the information below. This sponsorship will cover **90% of the registration costs** for a female student and/or apprentice to attend a pair of workshops in the WinSETT Leadership Program series offered in Atlantic Canada. Please note that funding is only available through REIMBURSEMENT. You must submit a receipt for your registration fee, along with proof that you attended the workshops (name tag, etc.) in order to be reimbursed the 90% of the registration fee.

This application must be received by WISEatlantic at **least one week prior** to the start of the Leadership Program series to be considered. Funding is limited and will be awarded on a first-come, first-served basis.
